When two planets are separated by a particular angle, astrologers believe that the influences of the two planets combine to create a strong effect on a person. In ancient astrology and much modern astrology five angles are considered very important: 0, 60, 90, 120, and 180 degrees. These important angles are known as "aspects". In modern times, many astrologers also interpret aspects of 30, 45, 135, and 150 degrees. Some astrologers also use a variety of other angles, such as 72, 144, 40, 80, and many other angles. In the late 20th century a branch of astrology known as "harmonic astrology" developed and practitioners of harmonic astrology believe that there are many hundreds of different aspects, so harmonic astrology has greatly increased the complexity of astrological interpretation. Not all astrologers are convinced that these additional aspects are important. Harmonic astrologers also group together various aspects which they believe to have a similar influence. For example, the fractions of $1/9$ (40 degrees), $2/9$ (80 degrees), and $4/9$ (160 degrees) of a circle are known as "9th harmonic aspects". Given below are interpretations of the following 6 aspects: (1) the semisextile aspect, which is 30 degrees, (2) 24th harmonic aspects, (3) 16th and 32nd harmonic aspects, (4) quintiles and biquintiles, also known as 5th harmonic aspects, (5) the septile, biseptile, and triseptile aspects, also known as 7th harmonic aspects, and (6) the novile, binovile, and quadnovile aspects, also known as 9th harmonic aspects. These additional aspects are known as minor aspects or harmonic aspects. There are many other aspects used in harmonic astrology, but these aspects are among the most important and powerful, and hence this report describes some of the most important Harmonic Highlights in your astrology chart.

I recommend that you read this report after reading an interpretation based primarily on the most commonly used aspects. I think you will be impressed by the ways in which the aspects interpreted in this report describe major issues in your life and in your personality that are not described as clearly by the more commonly used aspects. Hopefully this analysis of harmonic aspects will be useful and helpful to you. If you are an astrologer and you currently do not use harmonic aspects, reading several Harmonic Highlights Reports of friends and family may make you a believer in harmonic aspects. Adding these additional aspects to your interpretation does add greater complexity and detail to your analysis, and keeping a clear, integrated view of the astrology chart becomes more difficult, but astrology is likely to grow in sophistication as it evolves and develops in the 21st century.

Aspects noted as "very strong" in the report have an orb of less than $1/3$ the allowable orb and appear at the beginning of the report. "Strong" aspects have an orb of less than $2/3$ the allowable orb, and aspects that have an orb that is $2/3$ or greater of the allowable orb are printed at the end of the report.

For the benefit of astrologers, given below are the orbs used for each aspect. Note that according to harmonic theory, orbs are defined so that all harmonics occur equally often by chance, and hence the orbs are not rounded to the nearest degree.

32nd harmonic	:	0 Deg 30 Min

24th harmonic	:	0 Deg 40 Min
5th harmonic	:	3 Deg 12 Min
7th harmonic	:	2 Deg 17 Min
9th harmonic	:	1 Deg 47 Min
semisextile	:	1 Deg 20 Min

Jupiter 32nd harmonic (15/32) Uranus, very strong (Orb: 0 Deg 08 Min):

You are an enterprising person and you may be an entrepreneur or simply a very progressive person who is inspired by exciting ideas and new possibilities. Your enthusiasm and progressive tendency is an inner quality that does not necessarily always manifest outwardly, but it is evident in the way you embrace positive opportunities and your contagious enthusiasm for making meaningful improvements and advances in any area that you become involved in. Your optimism and confidence draw positive circumstances to you.

Saturn 32nd harmonic (9/32) Uranus, very strong (Orb: 0 Deg 10 Min):

You have an independent streak and you are self-willed. You feel driven to follow your own conscience and convictions and you frequently find that you must formulate your own set of rules because you are not always in agreement with the societal norms.

Uranus 16th harmonic (1/16) Pluto, very strong (Orb: 0 Deg 13 Min):

Your tolerance for boredom and frustration is lower than most other people. Once you lose patience, you feel a need to break free and express yourself freely and honestly. You are a dynamic person who needs the freedom to follow your instincts.

Moon 24th harmonic (7/24) Venus, very strong (Orb: 0 Deg 04 Min):

You need personal contact, love, and mutual appreciation on a daily basis. If you have a close family and good friends, you are happy, confident, and strong. Any personal problems immediately reverberate throughout your entire being and tend to debilitate you faster than most other people. Be forgiving, unselfish, and consistently supportive to those you love and your personal relationships are very likely to be stable and strong.

Mercury 5th harmonic (quintile) Mars, very strong (Orb: 0 Deg 23 Min):

You will never lose your child-like love of learning, but you may find traditional teaching methods very boring and even mentally deadening. You love to learn how things work and you are very bright, but a teacher that focuses on memorization or trivial details will actually inhibit, rather than promote, your progress in learning. You are a creative thinker and if your educational training is too restrictive, then your full potential will become most evident in your adult years. You should pursue a career that utilizes your gift for creative thinking and analysis.

Saturn 5th harmonic (biquintile) Neptune, very strong (Orb: 1 Deg 03 Min):

You have an intuitive understanding of differing religious philosophies and the ability to appreciate different values and priorities of different cultures.

Sun 32nd harmonic (5/32) Jupiter, strong (Orb: 0 Deg 15 Min):

Other people may not realize how important it is to you to grow beyond your current boundaries and limits. No matter what level of success you achieve, you have your eye on the next horizon. Your inner desire for prominence and success can incline you to sometimes exaggerate your own achievements thus far. Avoid this tendency and pursue your dreams without judging yourself strictly by your level of success.

Sun 32nd harmonic (3/32) Saturn, strong (Orb: 0 Deg 13 Min):

You are a highly ethical person with a serious view of life. You shy away from the limelight and what you regard as superficialities. Your dedication, commitment and seriousness help you succeed in achieving your goals, but be careful to not severely limit your range of possibilities.

Sun 16th harmonic (5/16) Pluto, strong (Orb: 0 Deg 36 Min):

You are content only if you pour heart and soul into what you do. If you find yourself employed in a job that is not personally meaningful, you may even resign, while others may fail to understand why you feel dissatisfied. You pursue your goals rather compulsively and with great commitment and dedication. People who do not know you well do not realize how intensely you need to pursue your personal calling.

Mercury 7th harmonic (biseptile) Pluto, strong (Orb: 1 Deg 20 Min):

You are a good researcher. You have the persistence, tenacity, and drive to dig below the surface and find out what the underlying causes or influences on something are. You may pursue an area of investigation that very few people pursue, and you are likely to incorporate historical or symbolic elements into your theories and research. You may also find mystery novels very entertaining.

Saturn 7th harmonic (biseptile) Uranus, strong (Orb: 1 Deg 27 Min):

You tend to dislike disrespect and lack of discipline. You struggle for self-discipline yourself and lack of discipline is offensive to you. You may become tense or cramped from internal struggle, in which case massage or relaxation exercises can help. Positively, you can develop a mature and sophisticated technique, competency, or comprehension of an area based on your own unique methods and style.

Saturn 9th harmonic (binovile) Pluto, strong (Orb: 0 Deg 52 Min):

You are very discriminating and careful regarding your responsibilities to your community and the world in general. You may have strong political opinions and ideas on how communities can fulfill the needs of their citizens. You may also have strong views regarding ethics, rules, or

essential principles in politics, psychology, or other fields.

Venus 32nd harmonic (1/32) Saturn (Orb: 0 Deg 29 Min):

When a friend needs help with something really important, you will be there to give it. You are responsible and respectful to others and behave in a mature way, even as a child. You are much more attracted to a person who has integrity and character than to a person who is physically beautiful but shallow or superficial. Those who do not know you well may not realize that you are very responsible and trustworthy because you do not dramatize, emphasize, or preach ethics to others.

Venus 16th harmonic (3/16) Pluto (Orb: 0 Deg 52 Min):

You are passionate, almost obsessive, in love relationships. You do not always follow logic and reason when it comes to affairs of the heart. When you feel passionate about someone or something, you tend to be compulsive and obsessive. It is easy for you to break social taboos and your marriage and life style may be unusual.

Jupiter 32nd harmonic (15/32) Pluto (Orb: 0 Deg 21 Min):

You have a deep need to grow beyond any narrow confines and restrictions that you encounter. You seek success and you achieve it, although you might also compromise on your passions in order to follow a path that brings you more money and social prestige. Your greatest fulfillment comes from activities that are successful as well as meaningful, and it may be a challenge for you to achieve both.

Saturn 32nd harmonic (7/32) Pluto (Orb: 0 Deg 23 Min):

You are sometimes obsessed with what you consider ethical and correct, and at these times you do not tolerate superficiality, waste, or laziness in yourself or others.

Moon 5th harmonic (quintile) Mercury (Orb: 2 Deg 45 Min):

You may have a particularly strong aptitude for, and interest in, mythology or legends. You may also have an interest in anthropology. You find the different ways in which different cultures meet life's challenges very interesting.

Moon 7th harmonic (biseptile) Venus (Orb: 2 Deg 13 Min):

Most likely you are not flamboyant and exuberant in the way you express your feelings. There is a deep, serious, almost mystical side to your emotional makeup. You are drawn to places of peace and quiet and you can develop a very deep sense of satisfaction and contentment in solitude and living close to nature and also by incorporating ancient, classical, soulful, or mystical elements into your home environment.

Venus 7th harmonic (biseptile) Jupiter (Orb: 2 Deg 08 Min):

You are a bit of an efficiency expert, so to speak. You don't like waste and you dislike having resources or assets that are not being fully utilized. Extravagance is distasteful to you, but you will not hesitate to expend all of your assets and resources on a project that you consider worthwhile. Your careful approach to managing your assets and resources is likely to bring you financial success, although you are not likely to be as self-indulgent with your material success as others would be. Also, you tend to bond with other people in a subtle, inner way rather than in more formal obvious ways, and you may be somewhat aloof, but steady and trustworthy in your relationships.

Uranus 9th harmonic (novile) Neptune (Orb: 1 Deg 32 Min):

You are tolerant and supportive of different life styles and attitudes. You tend to a broad, universal outlook on life, and have an inherent sense of ultimate goodness or sense of divine purpose that allows you to weather storms and avoid becoming flustered by everyday, typical frustrations. You see past superficialities and tend to view life from a more cosmic or universal perspective. Minor faults in others do not upset you, but if you ever encounter very malevolent or malicious people or circumstances, you can become very deeply affected, disturbed, troubled, worried, or unsure of how to cope with such extreme evil. In general, though, you have an inspiring, uplifting, and healing effect on others.
