**Chapter 1: How You Approach Life and How You Appear To Others**

### *Cancer Rising:*

You appear gentle and soft, and you act rather reserved with others until you know them well and feel it is safe to be open with them. You have a strong need for emotional security and a sense of belonging, and are deeply attached to the past: your heritage, roots, family, cherished friends, familiar places, etc. Making radical changes or moves away from what is known and safe can be very painful and difficult for you. You tend to cling and hold on to people, memories, possessions of personal or sentimental significance. Having a home, a safe haven, is very important to you.

You approach life emotionally and subjectively and are sensitive to the emotional atmosphere, the subtle undercurrents of feeling in and around you. Instinctive and nonrational, you are often unable to give a clear, simple explanation for your actions. Something FEELS right, or it doesn't.

Your emotions and personal loyalties tend to color your thoughts and opinions. You view life from a very personal perspective and often cannot mentally detach yourself from your own personal bias and prejudices. You are apt to be concerned primarily with how something affects you and those dear and close to you, rather than with the principle or the broader social implications. For instance, you may be very patriotic and feel that whatever "my country" does is right without really knowing much about the other nations' policies or point of view. Put simply: if it is good for me and mine, it is good. If it is not good for me and mine, it is no good.

You are tenaciously loyal, protective, and supportive of those you care about, and have a very strong nurturing, motherly nature (regardless of your gender). You empathize with others and intuitively sense the feelings and needs of other people. Compassionate and sympathetic, you are easily moved by others' pain, and you are often the one others seek out when they need comfort, reassurance, or help.

Your moods fluctuate and change frequently and you are sometimes open, sometimes withdrawn emotionally. You communicate nonverbally and appreciate a person who can pick up subtle cues and hints, rather than having to make everything explicit.

You never forget either kindness or unkindness shown to you.

### *Venus Conjunction Asc.:*

You have a friendly, affectionate attitude towards others and a great deal of personal charm. Your attractiveness is one of the first things others notice about you, and is probably something you care a great deal about. You get along well with people and know how to please them. You have a good sense of style and beauty.

## **Chapter 2: The Inner You: Your Real Motivation**

### *Sun in Gemini:*

You are, in many ways, an eternal child. Your mind is bright, alert, curious, flexible, playful, and always eager for new experiences - and your attention span is often quite brief. You grasp ideas quickly and once your initial curiosity has been satisfied, you want to go on to something else. You crave frequent change, variety, meeting new situations and people.

It may be hard for you to decide just where your talents and true vocation lies, for you have a multitude of interests and are loathe to limit yourself by concentrating on just one. You are easily distracted by all of the other fascinating possibilities. Your curiosity and restlessness propel you into many different experiences in life, and you are willing to taste or try anything once. Doing the same thing over and over again, even it is something you do well, is real drudgery for you.

You live in your head a great deal - reading, observing, thinking, spinning ideas around - and you need mental stimulation every bit as much as you need food and drink. In fact, if you had to choose between a good book or movie and a good lunch, you would very likely choose the former. You have a creative mind and often live by your wits.

You are also a very social creature, with a strong need to communicate and to interact with people. You enjoy using and playing with words and have a real flair for getting your ideas across in a clever, interesting, articulate manner. Writing or speaking are areas you have talent for.

You also have a rather light and mischievous sense of humor, and often do not take anything too seriously. Though you crave emotional involvement, it is hard for you to achieve it, for you are frequently unwilling to commit yourself to anything, to take responsibility, or to limit your personal freedom and mobility.

Your happiness lies in using your creativity and your language skills to communicate something meaningful, to teach, inspire, or bring people together. You have an unbiased mind and can usually offer a fresh, clear, uncluttered perspective. Your faults are your lack of constancy and persistence, and your tendency to overlook or ignore deep emotional issues and other people's feelings.

### *Sun in 11th house:*

Leading groups and classes, and being involved in community efforts, social activities, events or movements are areas where you really shine and express your creativity. An awareness of politics or the larger social impact of individual actions is natural to you.

### *Sun Opposition Neptune:*

You are extremely sensitive and imaginative, and you can get lost in your dreams, fantasies, and visions. You are attracted to artistic and creative pursuits, the world of color, beauty, and emotion. You are also drawn to mysticism and have deep spiritual aspirations and yearnings.

Gentle and peace-loving, you may lack the will and competitive spirit needed to make your way in the world. You are often impractical and may seek to avoid or escape the hard realities of life.

*Sun Sextile Moon:*

You feel that you have the support of your family or others in your environment for your creative efforts and personal goals, which enables you to act with confidence. You are able to satisfy both your need to be an individual, and your need for caring relationships and a sense of belonging. You are in harmony with yourself and are therefore an effective individual.

*Sun Sextile Mars:*

You are positive, vital, energetic, active, a go-getter. You enjoy competition, and your initiative and self-confidence make you a winner.

### **Chapter 3: Mental Interests and Abilities**

*Mercury in Gemini:*

You have an extremely active, lively and versatile mind with a multitude of interests and an inexhaustible curiosity about life. You are quick to grasp new concepts and equally quick to lose interest in an idea or project once your curiosity has been satisfied. You like to taste a little bit of everything - concentration and disciplined study are not your strong points. Mentally restless, you may change jobs or locations frequently, or do work that involves movement, travel, and variety.

You have a flair for language, playing with words, speaking, writing, or teaching in an entertaining and informative way. You also enjoy meeting new people, conversing and learning a little bit about them, and you work well with the public.

Sales, advertising, communications, journalism, or public relations are good areas for you. Your ability to be articulate and to communicate well is one of your greatest strengths.

*Mercury in 11th house:*

You have a good understanding of group trends, politics, mass movements, and community affairs. Sharing ideas with groups of people is something you do well and are likely to be involved with. You collaborate well in group efforts and are likely to be part of a successful team or large organization.

### **Chapter 4: Emotions: Moods, Feelings, Romance**

### *Moon in Aries:*

Emotional outbursts are frequent with you due to your fiery temper and emotional impulsiveness. You express yourself very directly and honestly and no one has to guess what your true feelings are. However, you dislike showing any personal weaknesses or needs for support, comfort, and nurturing. You are often impatient with yourself and with others. You abhor emotional dependency and dislike "complainers".

You inspire others to take positive action in their lives by your own enthusiasm and eagerness to meet life's challenges, and are attracted to people who are adventurous, courageous, and independent. You are rather bossy, but you do not like to be with people that you can boss around too much. You enjoy a good fight sometimes. Relationships built upon mutual respect and a good deal of emotional freedom are ideal for you.

You become very cross if you do not have enough vigorous physical activity. You will feel your best if you "do battle" on the tennis or racquetball court (or engage in some other competitive sport) frequently.

### *Moon in 9th house:*

You may have done extensive traveling in your early years, or in some way had a background which enables you to understand and identify with many different types of people or cultures.

You have a craving for things which are far away and foreign or for things you have never experienced before. You want to completely immerse yourself in the feelings and tastes of a new place, rather than simply have facts or an intellectual appreciation. Emotionally, too, you are restless and something of a wanderer.

### *Moon Conjunct Mars:*

You feel that you must always be **DOING** something, and become impatient and irritable if you have to slow down or wait for anything. A stormy home life may be the result of your own tendency to fight for what you want, rather than compromise. You may not realize how competitive you are.

### *Moon Conjunct Jupiter:*

You are tolerant and forgiving, always ready to overlook mistakes and give others a second chance. You expect the best from people and draw it out of them, and you enjoy making others comfortable and happy. Because of your emotional generosity, your life is rich with friends, and often financial blessings as well.

### *Moon Square Saturn:*

You often feel that you must do something or be something other than what you are in order to

receive approval and acceptance from others. You are very sensitive to criticism and easily feel left out or neglected, and though you may appear cool or distant, you actually care very much about being included. Because you are so sensitive, it may seem easier for you to withdraw into a shell rather than risk the emotional bumps and bruises that can occur when you let others really know you in an intimate, personal way. Your reserve and caution make establishing a close emotional rapport with others difficult for you, and you become very attached to the few people you consider "real friends". You can gain inner security and strength through periods of solitude if you view them as times to nourish yourself and develop your own interests, rather than as times of loneliness.

#### *Moon Trine Neptune:*

The beauty and harmony of your surroundings has a very powerful effect on your emotions. You are very sensitive and cannot stand to be in an atmosphere where there is discord or dissonance. Gentle, kindhearted, and peace-loving, you will give or sacrifice much in order to avoid a fight and to "make everyone happy".

#### *Venus in Cancer:*

Sensitive and sentimental, you are deeply attached to your family, old friends, familiar places, and the past. You are romantic and tender in love, and the remembrance of birthdays, anniversaries, family rituals, and other days of personal significance is very important to you. You seek caring, emotional support, and security in love. You like to be needed, to cherish and protect your loved ones, and you are somewhat possessive of them.

#### *Venus in 12th house:*

You often hide your affection, or find your feelings difficult to express or get across to the person you love. Being openly affectionate and trusting often doesn't seem safe to you. You may feel your love won't be appreciated or reciprocated. You may get involved in secret love affairs or fall in love with a person who is quite unavailable to you. Love and sacrifice often seem to go hand in hand for you - having to give something up to be with the one you love, or having to relinquish some person or some aspect of an important love relationship.

#### *Venus Square Uranus:*

Your love feelings are easily aroused and your romantic relationships begin with a sudden electric attraction, but they often end abruptly, and you may be in and out of love frequently - especially in your younger years. You crave emotional excitement and need to feel spontaneous and free, so you may avoid making firm personal commitments. Unusual or nontraditional forms of love and relationships appeal to you, and you are attracted to unique, creative, or unstable people.

## **Chapter 5: Drive and Ambition: How You Achieve Your Goals**

### *Mars in Aries:*

You have a warrior's attitude - decisive, courageous, and bold. You tend to always want to DO something, even when waiting for an appropriate time or not doing something (simply letting things alone to resolve themselves) would actually be more efficient and effective. You absolutely cannot tolerate being passive or even patient about getting what you want. You feel that it is up to you to take the initiative and you go after your goal or desire very aggressively.

You are also self-reliant, do not depend on others to do things for you or help you along, and you are often irritated when other people offer advice or direction. Cooperation rarely comes easily to you. You are willful and can be quite oblivious to others' desires or feelings when you are pursuing something you want. You are highly competitive, enjoy a challenge or a good fight, and may be downright pugnacious at times. Abounding in energy and enthusiasm at the start of a new venture, you need a very positive response and encouragement to sustain your interest in it. If a project isn't successful rather quickly, you are apt to drop it and move on to something else, rather than rework or refine it. The desire to blaze a trail, to do things in a new way - YOUR way - is very strong in you. You can discover, invent, and initiate new things, but are impatient and may lack the stamina and perseverance needed to complete a long-term project.

### *Mars in 9th house:*

You have passionate convictions and will fight for them when challenged. You are willing to dedicate a great deal of your energy and force to an important cause, and you'll act decisively on your beliefs, rather than simply espousing them.

Sometimes you get so involved and identified with your ideas that you cannot really be receptive to anyone who opposes you philosophically.

### *Mars Conjunct Jupiter:*

You have a positive, "can-do" attitude and tackle life's challenges with relish. You are self-confident and have a strong will to succeed, to see how much you can do and how far you can go. No matter what you accomplish, you do not rest on your laurels. You want to keep on going, to do even bigger things. You are forward-looking, enterprising, and enthusiastic about new projects. You are not happy in situations that do not offer you challenges and the potential for growth and expansion in the future - no matter how secure or satisfactory they may be in other respects. You enjoy competition, but you compete mostly with yourself, to see how much of your vision and potential you can really achieve. You make a good leader, inspiring courage and confidence in others. You usually enjoy good health and high vitality.

### *Mars Opposition Pluto:*

You have a powerful will and when you want something, you pursue it passionately and relentlessly until you achieve it. You may be so driven by your desire that you lose all objectivity. You often become compulsive, even obsessed, with doing or achieving something,

no matter what the costs or how hard you must work for it. Your forcefulness may be veiled or subtle, for often you do not reveal your real aims and intentions to others until they cross you. Intense power struggles and relationships with a strong dominance/submissiveness theme are likely. You have enormous energy reserves, and are capable of extraordinary effort and great achievement if you use your energies for constructive purposes.

*Mars Trine Neptune:*

You dream up creative solutions to problems and take an imaginative, unusual approach to getting a job done. When difficulties arise you prefer to avoid conflict and confrontation in favor of more peaceful or subtle methods of resolving problems. Working to help others or for a cause that transcends your own narrow, personal interests is satisfying for you. You have an artistic flair and appreciate the colorful, unique, or strange.

## **Chapter 6: Other Influences**

*Jupiter in Aries:*

You believe strongly in the power of positivity and in each individual's ability to make life anything desired through one's own initiative and effort. The more you rely on yourself, the better you feel, and you find it difficult to ask for or accept outside help. The joy of competing (and especially winning!) runs deep in you.

*Jupiter in 9th house:*

You are very open-minded and deeply curious about distant places and ways of thinking and living that are different from your own. The urge to travel widely and to experience as much of the world as possible is very strong in you. The study of philosophy or religion also interests you a great deal. You benefit from your contact with other cultures, and you may be involved in linking those who are far apart geographically or philosophically.

*Jupiter Square Saturn:*

You have an inner conflict between idealism, hope, and faith in the future versus doubt and oppression by limitations and practical realities. You need to develop discipline and patience in order to achieve your aspirations. You will grow by learning to accept frustration and to persevere in spite of obstacles.

*Saturn in Cancer:*

You fear becoming emotionally dependent upon others, and may distance yourself or deny your needs for closeness and intimacy so that you won't be vulnerable to rejection or abandonment. On the other hand, you may cling excessively or need constant reassurance from loved ones and family. Developing a deep, inner sense of security, as well as the ability to give and receive nurturing are important tasks for you.

*Saturn in 12th house:*

You may have nebulous but ever-present guilt and fears that are difficult to pinpoint or eradicate. It's as if you don't trust Life itself, and are always seeking ways to defend yourself from its dangers and its unknowns. You must learn to overcome your ingrained habit of discouragement and anxiety, and to see the world more as a friendly place than as a treacherous one.

*Uranus in Libra:*

You are part of a 7 year group of people who strive for greater equality in relationships. You treat parents, children, and spouses much more like friends and equals than other generations do, and many of you will experiment with alternative marriage styles that allow for greater freedom and equality in relationships.

*Uranus in 4th house:*

Your childhood or your relationship with your parents was unsettling or unstable in some way, so that you may never have felt that you had firm ground beneath your feet. One of your parents may have been unusual, eccentric, or an inconstant influence in your life. Abrupt changes in location or in family relationships may have made you feel insecure, but positively you were given more freedom and less pressure to conform to conventions, which enables you to be more of an individual and less tethered to restrictive ideas of how one "should" behave, feel, or live.

*Neptune in Sagittarius:*

You are part of a 14 year group of people that are extremely idealistic and farsighted in their dreams. Your age group is very liberal and expansive in outlook, and consequently churches become much more flexible and more eclectic in their approach during your life time. Religions that do not adapt to the broad-minded attitude of your age group simply are unable to attract very much interest and involvement from you.

A great deal of metaphysical musing and speculation is evident in your age group, and there is a very strong interest in all manner of psychic phenomena, UFO's, prophecy, etc. This interest

will open many new doors and insights, but will also often lead to a great deal of fantasizing and speculation that is taken more seriously than it should be.

*Neptune in 5th house:*

Your creative self-expression has a very imaginative quality, and you have a particular affinity for drama, theater, film, and other artistic mediums in which creative fantasy plays a major role.

In love and romance, also, you often have glamorous fantasies that have little to do with reality.

*Neptune Sextile Pluto:*

The entire generation to which you belong has tremendous opportunities for spiritual rebirth and awakening. This will not be forced upon you or precipitated by unavoidable events, rather it comes from an inner yearning and a natural propensity to seek the depths.

*Pluto in Libra:*

You are part of a 12 year group of people who are deeply interested in personal relationships. Your age group has a deeply-rooted yearning to see people relating and communicating with each other effectively and harmoniously. There is little egotism and a willingness to hear the other person's side of the story and a readiness to compromise and arbitrate different points of view. In fact, the need for harmonious, peaceful relationships is so strong that there is a tendency to overlook real differences and to focus only on the similarities in an attempt to bring different parties into harmony with each other.

Interest in psychology and sociology is high in your age group. There is a tremendous heightening of awareness of social skills. Your age group will experiment with different marriage styles, family relationships, and even business relationships in an attempt to bring fair treatment and effective communication between people. Interest and appreciation for other cultures is also strong, and your age group will work hard to preserve and support the cultural heritage of all ethnic groups.

Your strong yearning for equitable and harmonious relationships is also reflected in major advancements in trade agreements, arms control, and international cooperation that are designed and implemented by your generation. These agreements and policies foster a much safer and more cooperative environment for all, although there is also a tendency for greedy individuals to take advantage of the conciliatory atmosphere and twist situations to their own ends.

In short, you are part of a generation of individuals who are deeply interested in other people; you are a humanistic and humanitarian group. You will struggle and experiment with personal relationships, and forge new models for how people can relate as friends, family members, and members of nations as well.

*Pluto in 3rd house:*

You have a probing, penetrating mind and are highly analytical and critical in your thinking. Work that involves research, investigating mysteries or hidden causes, or deep study and analysis suits you very well.

You are also a convincing speaker, bringing others around to your own point of view by the intensity of your convictions.
